I really enjoyed the whole day. Great mix of interactive content.

Inspiring, thought provoking & extremely refreshing!

Very enlightening with innovative ideas for seeking further creativity from our frontline staff. Review (?) democracy & policy focussing on efficiency, outcomes productivity.

Inspirational. Eye opening – in a good way!

Two very different inspirational speakers for different walk of life experiences,

Both had valuable thought & info to share.

More please! Please count us in on any future classes.

Participants in the masterclass were diverse which added to the day.

The bar has been set very high for the other Masterclasses.

Possibly make it over 2 days. There are so many things to take in.

Keep encouraging people to do this creativity which is too often stifled.

Will be good for us as a team of leaders present with our Regional Director to review how we facilitate change management.
